

STANDARD TERMS AND CONDITIONS OF SALE

DELIVERY LEAD TIMES

We have a usual lead time of 5 working days from the day an order is received by us. All lead times are subject to availability of stock.

TIMED DELIVERY AND COLLECTION

Due to factors outside our control (traffic, hold up on sites, etc) we cannot guarantee a timed delivery slot. All units will normally be delivered between 8.00am and 5.00pm. We will do our utmost to meet requests for early/late or am/pm deliveries, but cannot guarantee this and additional charges may apply if a specific time is requested.

WAITING CHARGES

If a driver has to wait on site
To deliver a unit, a waiting charge will be charged after the first 30 minutes.

CANCELLATION CHARGES

Any cancellations made less than 24 hours prior to delivery or collection will incur the full delivery charges.

Non-Delivery of Units

If we are unable to deliver a unit because of site access or other issues, the full delivery and collection charge will be incurred.

Site Access

A free site inspection can be arranged prior to purchasing a container if you are unsure of the access to your site. Once delivery is agreed please ensure your site is fully prepared for delivery on a HIAB (craned) or articulated delivery lorry. If you are concerned about site access or ground conditions please contact us well in advance of delivery so that we can discuss the options with you. Unless we have agreed otherwise, you are responsible for the provision, connection and disconnection of mains services and drainage.

A generic Risk Assessment and method statement can be provided if necessary but if a site specific RAMS is required this will be at an additional charge
